LET'S GET TOGETHER

It's great to see old friends; it's great to make new friends; that can happen when we get together. YC reunions make it happen. The Alumni Board Reunion Committee believes that reunions happen because of a blend of communication, passion and action. YC alums have a passion for that special bond because of shared life experience. We like to keep in touch. We seek opportunities to share memories, time and life by getting together again. The event in Florida is an excellent example of what can take place when communication, passion and action come together. An opportunity has been created for our alums to share time together. The opportunity is here. It's up to you to make it happen. Join in and enjoy.
